N-N-Nuremberg II

Of course I'll tell you why this is h-happening to you. At ease, men. In part, sir, this is happening because you made me a st-t-tutterer. You and your kind ran the Covid scandemic when I was a kid, and because I had to wear a f-facemask, I couldn't see how lips worked to form words. So I developed a stutter. B-Because of you. And then one of my school counselors told me I was really a g-girl and should consider castration. That was your Diversity, Equity and Inclusion program. Fortunately I kept my b-b-balls, and fortunately I wasn't kidnapped into your child sex slave network. Otherwise I m-might have d-died in a whorehouse or a snuff film. You were a hard one to track down, b-but now that you've been tried and convicted, America wants your evil ass gone. Attention, men! Ready, aim, f-f-fire!
